

## BOARD OPERATION GOALS

The primary responsibility of the Board is to establish purposes, programs and procedures which will produce the educational achievement needed by District students. The Board must accomplish this while also being responsible for wise management of resources available to the District. The Board must fulfill these responsibilities by functioning primarily as a legislative body to formulate and adopt policy, by selecting executive officers to implement policy and by evaluating the results; further, it must carry out its functions openly, while seeking the involvement and contributions of the public, students and staff in its decision-making processes.

In accordance with these principles, the Board will seek to achieve the following goals:

1. to concentrate the Board's collective effort on its policy-making and planning responsibilities;
2. to formulate Board policies which best serve the educational interests of the students;
3. to provide the Superintendent with sufficient and adequate guidelines for implementing Board policies;
4. to maintain effective communication with the school community, the staff and the students in order to maintain awareness of attitudes, opinions, desires and ideas;
5. to allow those responsible for carrying out objectives to contribute to their formation;
6. to conduct Board business openly, soliciting and encouraging broad-based involvement in the decision-making process by public, students and staff and
7. to annually review its performance relative to the goals.
