

PARENT CONFERENCES

The Fairfield City Board of Education believes that the school should maintain the closest possible constructive relationship with the parents of students for the better understanding of the children and the securing of maximum cooperation. Parent-Teacher conferences may be arranged upon parental and/or teacher request.

Conferences are not necessarily confined to reporting, but may be planned for any purpose that will be helpful to the teacher, the child, or the parent. Whatever the purpose of the conference, it should afford an opportunity for sharing information and views designed to promote the welfare of the child under consideration.
