

# ENGLISH AS A SECOND LANGUAGE

## **ESL I**

**10-12                    2 semesters (full year)                    \$3.00**

This course is intended for non-English or new English speakers. It is appropriate for non-English speakers at the pre-functional level. This two-block course focuses on the acquisition of oral English, basic written communication skills and school skills that are necessary for academic success. A variety of media and methods are used, including printed texts, computer programs, video presentations, and practice with other students and adults. Students are graded on their success in learning to read, write, speak, and understand standard English.

## **ESL II**

**10-12                    2 semesters (full year)                    \$3.00**

This course is intended for ESL students who are at the Intermediate language level. This class is appropriate for students who have an intermediate oral and written vocabulary. The focus of this course is to develop advanced communication skills in speaking, reading, writing, and understanding standard English. This class focuses on helping students to master the academic English that they need for success in high school classes.
