

SUPERVISION OF CERTIFICATED STAFF

The principal is responsible for the supervision of personnel assigned to his/her school. Purposes of supervision are to:

1. aid the educator to attain and maintain maximum effectiveness in skills, attitudes and characteristics which affect the successful performance of assigned duties;
2. promote closer, better understanding among personnel in their respective professional roles and
3. evaluate performance according to planning programs.

Supervision by the principal and/or designee shall be frequent and long enough to implement these purposes. The principal shall be given adequate clerical and professional assistance to perform his/her supervisory responsibilities.
