

CURRICULUM ADOPTION

An effective curriculum requires continuous development, implementation, evaluation and improvement. The Board expects the District's certificated staff to implement courses of study which will promote the educational goals of the District and comply with State Board of Education Minimum Standards.

Legal responsibility for adoption of curriculum resides with the Board. The Board assigns responsibility for such curriculum development to the Superintendent. The Board will consider and act on new courses and programs as recommended by the Superintendent. It will officially approve courses of study for all subjects as required by the State Board of Education Minimum Standards.

The Superintendent or designee will supervise the evaluation of the District's curriculum. Courses of study will be evaluated on a rotating basis. After evaluation, courses of study will be presented to the Board for adoption or re-adoption. The Board may initiate studies of prospective new courses and curriculum revisions.
