

CURRICULUM GUIDES AND COURSE OUTLINES

All subject areas will have written courses of study. Each course of study may be submitted by the Superintendent to the Board and Division of Curriculum, Instruction and Professional Development of the State Department of Education for its recommendations for improvement. Upon approval by the Board, it will be the official curriculum documentation to be followed by all personnel involved.

Each course of study will include a forward, a table of contents, an introduction, a philosophy, educational goals, program and subject objectives, scope and sequence of the course and evaluation procedures. Each educator affected by the course of study will be provided a copy for official use.

[Adoption date: September 25, 1995]
