

## ADMISSION OF STUDENTS FROM NONCHARTERED OR HOME SCHOOLING

Students seeking admission into the District's schools who have been enrolled in a nonchartered school or home schooling may be required to take competency examinations. The purpose of these examinations is to determine the proper grade placement for these students.

In making placement decisions, the Superintendent may consider:

1. the student's most recent annual academic assessment report;
2. whether to require the student to take any or all of the nationally normed, standardized achievement tests that are regularly scheduled for District students of similar age, and;
3. other evaluation information that may include interviews with the student and the parent.

Resident students attending a nonchartered nonpublic school are permitted to participate in the District's extracurricular activities at the school to which the student would be assigned if the nonchartered nonpublic school the student is enrolled in does not offer the extracurricular activity. Students must be of the appropriate age and grade level as determined by the Superintendent and must fulfill the same academic, nonacademic and financial requirements as any other participant.

Resident students receiving home instruction in accordance with State law are permitted to participate in District extracurricular activities at the school to which the student would be assigned. Students must be of the appropriate age and grade level as determined by the Superintendent and must fulfill the same academic, nonacademic and financial requirements as any other participant.

A student attending a nonchartered nonpublic school who is not entitled to attend school in the District may be authorized by the Superintendent to participate in an extracurricular activity offered by a school of the District. The activity must be one that the nonchartered nonpublic school the student is enrolled in does not offer and may not be interscholastic athletics or interscholastic contests or competitions in music, drama or forensics.

A student receiving home instruction in accordance with State law who is not entitled to attend school in the District may be authorized by the Superintendent to participate in an extracurricular activity offered by a school of the District. The activity must be one that the District the student is entitled to attend does not offer.

To be eligible for a grade point average for class rank a student must enroll full-time in Fairfield Senior High School for the last three consecutive semesters, excluding summer school. Part-time enrolled students are not eligible for valedictorian or salutatorian honors. However, post

secondary option students are considered fulltime students and are eligible for valedictorian or salutatorian honors.
