PLEDGE OF ALLEGIANCE

ITEMS FOR BOARD DISCUSSION

A. Proposed school calendar for 2009-2010

Mr. Otten presented the calendar. He will bring the calendar back on December 18th for approval.

B. Program of Studies for 2009-2010

Mr. Bill Miller presented the Program of Studies. The Curriculum Department would like to reduce the number of copies of printed booklets. They plan to put the document on the website.

C. Proposed school fees for 2009-2010

Mr. Miller presented the new fee schedule.

D. Youth Commission – Mr. Kearns

1. For over a year we have been fortunate to have regular updates at our board meetings from our Student Liaison - William McIlwain.

2. Will, Mr. Paul Waller and I have been discussing ways to build upon the foundation that Will has established.

3. During a discussion with Mr. Waller I became aware of a group of students at the high school that comprise the Principals Cabinet. This is a group of students that Mr. Waller will use to gather feedback on policy, practices and decisions that impact all students at the high school.

4. On Wednesday of this week I met with Mr. Waller and his Principals Cabinet. This is an impressive group of students. I shared with them some of my thoughts about a Youth Commission.

Youth Commission Update (cont.)

5. What I envision is a core group of students that would attend our board meetings and actively participate in our work session discussions. In addition to that avenue I would like to see us continue to allow a place on our agenda for them to report to us such as Will has done for over the past year. This core group of students with representation from all FHS grade levels would be our liaison to the Principals Cabinet and larger student body. One individual from this core group of students would receive in advance our agenda in order to participate in our work session discussions. I would also envision that the Principals Cabinet, working through this core group of students and a board designee would have the ability to place items on our agenda for discussion.

6. This simple suggestion to these students spawned several discussions about the importance of having a voice in their school. I imagine that this discussion continued on after I left the meeting. I would like to ask Mr. Waller to work with this group in identifying a core group of students with representation from each grade level within the high school. I would like to invite this core group of students to attend (30 minutes or so) our retreat on January 24 so we can further discuss this relationship.

DLT update (cont.)
