Mr. Engel's Comments

I will be voting no on all the recommendations in this section. All 6 of these items represent excessive school spending of tax dollars. They are just another example of how my fellow board members are disconnected with the hard economic times that our community and nation is facing. Just a few weeks ago we told the community there was no money for books, buses and computers for our kids and now we are spending money like there is no tomorrow.

The 25% raise for the Support Services Director and the 30% raise for the Payroll Supervisor will cost our district approximately \$30,000 per year. This represents approximately 300 books for our kids. Over a ten year period it is over 3,000 books.

In regard to the teachers contract, I must say I am not surprised with the outcome. The community has been short changed with the entire negotiation process. This BOE had a chance to balance our budget and avoid the next Operating Levy and we threw that opportunity away.

With close to 90% of the Operating Budget being consumed by wages and benefits you can understand why tough contract negotiations were critical if we were to avoid the next Operating Levy. In my opinion this board had no intention of even considering tough contract negotiations. Here is my reasoning for this comment.

For the past several months I have been pleading with my fellow board members to realize the hard economic times our community is facing and to agree to negotiate tough contracts so we could avoid the next Operating Levy.

On two occasions I publicly challenged my fellow board members to pledge that they would negotiate tough contracts on behalf of the entire community. None would take the pledge.

If the board was serious about saving money in this contract you would expect we would have reviewed the contract section by section, line by line to see where we could squeeze out savings for the taxpayers. I can tell you that never happened.

I shared 33 cost saving, revenue generating ideas with the board back in May and my fellow board members refused to even discuss them. I would imagine they refused because the large majority of my suggested savings required contract concessions.

In my opinion it was the duty of the BOE to negotiate the contracts. Our board passed that duty off to a negotiating team and allowed the superintendent to pick the team with no input from the board.

With the exception of our school attorney, everyone on the negotiating team was a school employee. In my opinion this is like giving the bank robber the key to the vault.

Last year the teachers union president said her union was going to be active in the school board campaign. They didn't help the fiscal conservative candidates. So, we can assume they supported Mrs. Bailey and Mr. Kearns. In fact, Mrs. Bailey received large donations from two unions. You can draw your own conclusions as to just who these two board members were representing during contract negotiations.

Last, but not least, Mr. Morris is a teacher himself and Mr. Murray was co-chairman for the 2004 pro-school levy group Citizens for Fairfield Schools.

Mr. Engel's Comments (cont.)

It should be very obvious, to the entire community, why this contract was a wash as far as saving any money and avoiding the next levy.

By the passage of this contract the BOE has purposely chosen to send our district down the path of fiscal crisis. We entered this school year with a \$17,000,000 surplus in our general fund. This year we will spend \$1.5 million more than we take in and next year it is projected we will spend \$6.5 million more than we take in. The unions had their eye on the \$17,000,000 and this board is going to give it all to the unions. There will be practically nothing left in the general fund for our kids. The board had no discussion about paying for any books, buses, maintenance or anything else for our kids from this fund. Our board has falsely assumed the Permanent Improvement levy was going to pass last November. (*For those who don't know PI moneys are used for hard assets like buses, books and building maintenance. All PI expenditures can be paid out of the General Fund and many districts don't have PI levies*)

The point to be made is the 2004 BOE had a chance to negotiate tough contracts and refused to do so. They chose to purposely go down the path of fiscal crisis that led to the divided community of 2004. They purposely chose to put the unions and their members before our kids and the community. This board is doing the same today. Sending our district into fiscal crisis will not benefit our kids.

I'm sure the entire board feels our kids should come first. Deficit spending to the tune of tens of millions of dollars with no guarantee of future revenue is placing our kids second to the staff. Spending the \$17,000,000 surplus on union contracts and not conserving a percentage for our children's books, buses and building maintenance is not only reckless but placing our children second to the unions.

Now when I relinquish the floor you will note the anger of my fellow board member over my comments. There is a reason for their anger. The reason they become angry is because they know what I'm saying is true. They don't agree with me but they know the majority of the community does. The Fairfield BOE has never had anyone to stand up to their one sided interpretations of the facts surrounding the excessive and wasteful spending in our schools. As a matter of fact I would imagine my fellow board members would claim there is no wasteful spending in our schools or they would be seeking it out. On the other hand I know there is and have pointed it out many times.

I gave my fellow board member the solution to our pending revenue shortage with my 33 cost saving revenue generating ideas that amount to over \$10,000,000 in savings. They chose to ignore them in favor of a status quo contract that will result in more taxes. The ratification of this contract is the driving force behind all the levies we will soon be facing.

By the way, it is of my opinion that our negotiating team left million of dollars in taxpayer savings on the bargaining table. Proof of this claim is the unions vote of 436 to 28 in favor of the contract.

08-144 APPROVAL OF RESOLUTION AUTHORIZING EMPLOYER PICK UP OF
EMPLOYEE RETIREMENT CONTRIBUTIONS

MOTION – Moved by Mr. Kearns to approve the following:

14. Recommend approval of the following resolution:

RESOLUTION NO. 08-144

**RESOLUTION AUTHORIZING EMPLOYER PICKUP OF
EMPLOYEE RETIREMENT CONTRIBUTIONS**

WHEREAS, Internal Revenue Service rulings and Chapters 3307 and 3309 of the Ohio Revised Code allow the Board of Education to pick up all or a portion of the employee's share of mandatory STRS contributions for the superintendent, certificated administrators, teachers and any other employees covered by STRS, and all or a portion of the employee's share of mandatory SERS contributions for the treasurer, non-certificated administrators and supervisors, and bargaining unit and non-bargaining unit non-teaching employees, in addition to the Board's share of such contributions, either as a fringe benefit pick-up or as a salary reduction pick-up; and

WHEREAS, Internal Revenue Service (IRS) Revenue Ruling 2006-43 has clarified that the Board is required to take formal action in order to maintain such a pick-up of employee contributions.

NOW, THEREFORE, BE IT RESOLVED by the Fairfield City School District Board of Education as follows:

SECTION I

That the Board reaffirms it will pick up the percentage of the employee's share of mandatory STRS contributions for the superintendent, certificated administrators, teachers and any other employees covered by STRS, and will pick up the percentage of the employee's share of mandatory SERS contributions for the treasurer, non-certificated administrators and supervisors, and bargaining unit and non-bargaining unit non-teaching employees, as specified in previous Board resolutions and/or previously approved individual employment contracts and collective bargaining agreements, in addition to the Board's share of such contributions. These pick-ups may be provided to future employees or in future employment contracts and/or collective bargaining agreements provided said pick-ups comply with the terms of this Resolution, Internal Revenue Service rulings and Chapters 3307 and 3309 of the Ohio Revised Code. The individual employment contracts or collective bargaining agreements shall specify whether the pick-up is a salary reduction pick-up or a fringe benefit pick-up as hereinafter described.

SECTION II

That such contributions, if provided as a salary reduction pick-up, although designated as employee contributions, will be treated as paid by the Board and that the contributions on behalf of the employees in the groups that are subject to this action, although designated as employee contributions, will be paid by the Board in lieu of employee contributions through the salary reduction method.

SECTION III

That such contributions, if provided as a fringe benefit pick-up, although designated as employee contributions, will be paid by the Board and that the contributions on behalf of the employees in the groups that are subject to this action, although designated as employee contributions, will be paid by the Board in lieu of employee contributions. The individual employment contracts shall specify the percentage picked up as a fringe benefit and whether these contributions will be treated as additional compensation for retirement purposes.

SECTION IV

That the employees in the groups that are subject to this action are not permitted from and after the date of the pick-up to have any cash or deferred election right with respect to designated employee contributions and that such employees are not permitted to opt out of the pick-up or to receive the contributed amounts directly instead of having them paid by the Board to STRS or SERS.

SECTION V

That, effective immediately, this action shall apply with respect to all further such contributions for the superintendent, certificated administrators, teachers and any other employees covered by STRS, treasurer, non-certificated administrators and supervisors, and bargaining unit and non-bargaining unit non-teaching employees. Prior pick-ups for the above described employees are hereby ratified to the extent permitted by law.

SECTION VI

It is found and determined that all formal actions of this Board concerning or related to the adoption of this Resolution were adopted in an open meeting of this Board, and all deliberations of this Board and any of its committees that resulted in such formal actions were adopted in meetings open to the public, in compliance with all applicable requirements of the Ohio Revised Code.

BOARD MEMBER COMMENTS

Mr. Engel – None

Mrs. Bailey

To clarify why we are here – we are not here for personal gain or to represent specific groups or unions. We are about the kids. That is why we are here. We care about our community. The students come first. I did not receive any money from the teacher's union.

I applaud Mr. Kearns and Mr. Murray for investigating cost saving ideas. This Board is as fiscally responsible as we can be. We are talking about ways to avoid a levy.

I hope everyone has a happy and safe holiday.

Mr. Kearns

There is a meeting with the governor tomorrow regarding financing for school districts. Mr. Kearns will report a summary of the discussion back to the Board in January. He wished everyone a safe holiday season and a Happy New Year.

Mr. Murray

He wished everyone a safe holiday season. He stated, "I cast my vote soundly for our teachers. This Board recognizes the quality of our staff."

Dr. Morris

Thanks to my fellow board members for letting me serve as President. He wished everyone Happy Holidays.
